A REGULAR MEETING of the BOARD OF DIRECTORS of the National Scrip Collectors Association was held on FRIDAY, MAY 6, 1988, at 8:30 p.m., at the HOLIDAY INN, BRIDGEPORT, W. VA. There were present the following, constituting a quorum: President Crawford Blakeman; Vice-Presidents Harold Snodgrass and John Podgurski; Secretary - Treasurer Walter Caldwell; and Past Presidents R. R. Tippy and Bill Williams.

Following proper motion, the minutes of the previous meeting were read and approved.

A discussion followed on the meeting days for the convention and it was noted that all future news releases, etc. should indicate that the meetings would probably be concluded by noon on Sunday. They should not be advertised as being all day on Sundays.

A letter was read from Scriptor Roy Wood of Alabama thanking NSCA for allowing him to use the Alabama coal listings in his proposed new book on Alabama tokens.

President Blakeman noted that nominations have been received in writing for the FRED LANGE AWARD and that the committee would report at the Fall 1988 meeting if a winner is selected.

Following proper motion, it was approved to hold the Fall 1988 convention at the Holiday Inn, Bluefield, W.Va., on Saturday and Sunday, Oct. 1 and 2. Scriptor Snodgrass will coordinate all of the activities for this meeting. Tentative sites for the Spring 1989 convention were mentioned for Hazard or Paintsville, Kentucky on the first weekend of May 1989.

Following proper motion, the Secretary-Treasurer's report was approved and made a matter of the minutes of this meeting. It was noted that the current balance in NSCA general funds is \$7085.71. It was noted that the current paid membership is 382.

Book Committee Chairman Williams reported that the current book fund balance is \$2891.88 and that 928 total books have been sold out of the approximate 2000 that were printed. Following proper motion, the report was approved.

It was noted that work on the Trantow Lumber catalog to be published by Trantow with NSCA is proceeding and that additional listings of all lumber tokens being held by collectors is needed to make the book complete. It is estimated that the current book will contain at least two times as many listings as the original book.

A discussion was held on the computer catalog listings being developed by Scriptor Steve Ratliff in Florida. Additional details will be presented in the future convention meetings.

President Blakeman thanked Bill Williams for all of the time and effort being expended on the Edkins catalog listings and the work on the Trantow lumber book.

There being no additional business, the meeting was adjourned.

Crawford Blakeman, President

Walter Caldwell, Secretary

---

A REGULAR MEETING of the membership of the National Scrip Collectors Association was held on SUNDAY, MAY 8, 1988 at the Holiday Inn, Bridgeport, WV, following the buffet luncheon. President Blakeman ascertained the presence of a quorum for the transaction of business.

Catalog Chairman Bill Williams reported on the catalog book sales and on the progress being made on publication of the Trantow lumber catalog. He indicated that he would probably be going to Washington to meet with Trantow since he has two vacations each year lasting six months.

Secretary - Treasurer Walter Caldwell reported as previously noted in the Board minutes with a copy of the report being made a matter of record

of the minutes of this meeting. He indicated that the association is "healthy" and urged that more members assist in the recruitment of new members. It was noted that approximately 20 bulletins are being sent to libraries, numismatic publications, etc. each issue.

Membership Chairman Mark Ballard presented a trophy to Harold Snodgrass for having recruited nine new members during the past year to lead the list of 55 new members recruited. It was noted that a new contest would be started as of the close of this meeting.

Exhibit Chairman Paul Jensen presented the 1st Place Display award to Crawford Blakeman for his display of unlisted Kentucky tokens. 2nd Place display award was presented to Scriptor Harold Lee and "Peoples Choice" for the best exhibit was presented to Crawford Blakeman. Jensen noted that more members should take the time to make up exhibits and urged that they bring them to the Bluefield meeting in the fall.

It was announced that the Fall 1988 convention would be held at the Holiday Inn, Bluefield, W.Va. on Saturday and Sunday, October 1 and 2. The Spring 1989 convention will be held in Kentucky with the site to be announced later.

The committee for the ANCIL DONOHUE award announced that a tie for first place had resulted in two awards being presented this year. William Stump and Dave Schenkman were presented trophies by President Blakeman.

It was noted that NSCA had now gone international since Scriptor Lester Bernstein has just recently returned from a mine lamp exhibit in Germany.

President Blakeman made special remarks to Scriptor Jim Thompson for his hosting the Friday evening ramp dinner and for the arrangements that he made for holding the convention in Bridgeport, W.Va.

There being no additional business, the meeting was adjourned.

Crawford Blakeman, President

Walter Caldwell, Secretary

1/4/88	563.00
1/19/88	375.00
2/26/88	594.00
3/21/88	164.00
4/25/88	149.00

---

Your association is healthy as will be noted on the above report. As this is being prepared for the Spring 1988 meeting, the exact paid-up membership stands at 379. Too, approximately 20 complimentary bulletins are sent to libraries and numismatic publications for public relations purposes.

With the recent increase in postal rates, we need the active participation of more members in the Mail Auction Sales. As you realize, the net profits from these sales goes back into the bulletin costs. On the second bulletin back, for example, postage costs would have been \$260.00. This, not counting the cost of electronic stencils - mimeograph paper - envelopes - mailing labels, etc. Thus, help by bidding in the mail sales and help by recruiting new members for our group!! Surely you have token collector friends that need to be members of NSCA !!

---

## BRIDGEPORT AUCTION RESULTS

Twenty five members registered to bid at the Bridgeport Auction with 17 of them being successful bidders. In addition, seven of the eight MAIL bidders were winners with most of their lots going for less than their maximum.

Fifty six lots were received from consignors in time to be listed in SCRIP TALK for mail bidding consideration. Nineteen more were added before the auction. Total sales were \$1,092.85. NSCA's commission was \$186.73, which averaged 17% of the sales. Fifty two of the 75 lots were sold in the \$5 to \$20 range, with 24 bringing \$10 or less. The commission was enough to cover most if not all of the meeting expenses; thus, again enabling NSCA to be able to provide tables for dealers AT NO COST.

Highlight of the auction was \$70 received for a collector bottle entitled "Coal Miner". The highest scrip sale was \$51. for Lot 21, Marietta Coal Co. \$1.00 from Kentucky. Other significant bids were \$45. for Lot 53 - Roanoke Coal & Coke Co 5¢ (WV); \$40. Lot 37 Clearfield Supply Co. 25¢ (KY); \$37.50 Lot 48 Landrum Coal Co. 10¢ (KY); \$37. Lot 55 Pond Creek By Products Colliery \$1.00 (WV); \$36.50 Lot 56 Horse Creek Block Coal Co. 25¢ (WV) and \$35. Lot 7 Davidson Coal Co. \$5.00 (AL).

PRICES REALIZED for the 56 lots listed in SCRIP TALK were: 1/5; 2/NB; 3/6.40; 4/10; 5/9; 6/23/ 7/35 8/10; 9/11; 10/15; 12/9; 13/5; 14/10; 15/6; 16/9; 17/11; 18/10; 11/13; 19/16; 20/11; 21/51/ 22/5; 23/9; 24/9; 25/9; 26/20; 27/18; 28/13/ 29/13/ 30/17; 31/5; 32/14; 33/12; 34/12.50; 35; 11.75; 36/20; 37/40; 38/9; 40/9.75; 41/8; 42/11; 43/13.50; 44/14; 45/NB; 46/27.50; 47/19; 48/37.50; 49/21.75; 50/NB; 51/NB; 52/NB; 53/45; 54/NB; 55/37; 56/36.50.

We will be conducting another Mail Bid-Floor Auction at the Bluefield, WV meeting on Saturday, October 1, 1988. You are urged to send us coal or lumber scrip with R-7 or higher ratings and any mining or lumber memorabilia which you believe would bring the minimum bid of \$5.00 or higher. The items will be listed in SCRIP TALK, which is mailed to about 400 members.

Our commission rates are 20% for sales of \$10. or less; 15% through \$50; 10% through \$100. and 5% over \$100. per lot. In addition, we offer you the opportunity to protect your pieces by placing a minimum bid of your choice. If the lot does not sell at your minimum bid, it will be returned to you with a commission charge of 50% of the above schedule. We will pay the return postage.

All commissions are used to defray meeting expenses. Any overage is placed in the NSCA general fund. Please help us and send your materials to: AUCTION CHAIRMAN, P. O. BOX 3015, OAK RIDGE, TN 37830 as early as practical. Receipt of all items will be acknowledged.

=====

CHECK YOUR YELLOW PAGES !! YOUR EDITOR IS STILL SEARCHING FOR A SOURCE OF SUPPLIES FOR A REX ROTARY MODEL 2202S STENCIL CUTTING MACHINE !! I FEEL CERTAIN THAT SUPPLIES ARE AVAILABLE SOMEPLACE. IT MIGHT BE POSSIBLE THAT A.B.DICK DUPLICATING BOUGHT OUT THEIR COMPETITION!! ANY HELP WILL BE APPRECIATED SO THAT YOUR BULLETIN CAN BE IMPROVED !! THANKS !!

## THE ELLIS KNOB - CRUMMIES CREEK CONNECTION

Collecting Harlan County coal company scrip, and trying to locate the now almost forgotten coal company locations, has proven to be a monumental task. It requires much determination and a willingness to spend many long days searching out leads, many false, finding nothing, and having to return home empty handed. Repeating this ritual over and over again until you finally "luck up" and find a rare token of the coal mining past that had been "just around the corner" makes scrip collecting a hobby for only a select few. The only real satisfaction gained from these hard and frustrating scavenger hunts is the knowledge that you always gain information that may be very valuable later on while attempting to find that special token for your collection. One such search provided an unusual story that merits being retold. It concerns my search for the very elusive Ellis Knob Coal Company scrip.

The Ellis Knob Coal Company mined coal from a 56" seam of coal in the Harlan seam. The coal was mined by approximately one hundred employees. W. F. Hall, an early Harlan County coal operator, was the General Manager and Superintendent of the mining operation located at Cawood, Ky.

From the very beginning of my attempt to collect a specimen from each Harlan County coal company that issued scrip, I was told by the veteran scrip collectors and friends living in Harlan County, Paul Whitaker, Howard Short, and Howard "Woody" Christian, now retired from active collecting, that the scrip from the Ellis Knob Coal Company would be one of the hardest examples to obtain of all of the Harlan County scrip. They also agreed that the Crummies Creek Coal Company scrip was one of the easiest to obtain. "Woody" said that he only recalled owning one or two Ellis Knob tokens and none were in the collections of Paul or Howard. It is just "scarce as hen's teeth" to find, and it didn't take me long to acknowledge that my friends were right in their comments. I did manage to do some old fashioned "horse trading" with a fellow scrip collector in Middlesboro, Crawford Blakeman, and obtained a .10¢ token for my collection. Months later, my friends, Mr. and Mrs. Emory Saylor provided a \$1.00 example. To this date, I have only seen one or two other examples of this ultra rare coal company scrip.

The Ellis Knob Coal Company was located in Cawood, Ky., and began issuing company scrip in 1923 and until they ceased operating in 1926. The company scrip was manufactured of aluminum, one series with a cut out "E" in the center and another with no cut out. A strange characteristic concerning the "E" cut is that the "E" is reversed when looking at the obverse side.

The company store was located on the right side of the Martins Fork River, if one is traveling South on Highway 421 from Harlan, Ky., and was approximately nine miles from the

County Seat of Harlan. The mine and mining camp were also located on this side of the river. The L. & N Railroad, however, ran directly through the mining property. The company tipples had a direct access to the rail lines and supplies were brought to the property, as were passengers. The only other way to bring supplies into the property was by using a low water river ford. A swinging bridge and the railroad tressel provided the only alternative to fording the river if you wanted to walk into the area.

In the days of the early 1920's, traveling away from the mining camp was seldom done. Only important business, severe illness or death, or having to be relocated to another mining camp made for travel outside one's own camp area. The turbulent days of the "Coal Wars" made it extremely unsafe for travel outside one's own camp. "Company Thugs" were always on the lookout for union organizers, and any new face brought instant suspicion and sometimes instant death at the hand of the "company gun thug". If you were a stranger at Ellis Knob, and a lucky one at that, a forced walk through the river was a reduced form of "thug humiliation". A "thump upside the head" was administered at the slightest hesitation to an order from a "gun thug". Any venture outside one's house at night invited trouble. My old friend, now deceased, Taft Price, told me about living in Cawood and the other coal camps. He said, "It was scary times in the late 1920's and early 1930's, and you had better mind your own business or a company thug or Deputy Sheriff would mind it for you." Taft lived and worked throughout this troublesome period in Harlan County. He was a devout member of the United Mine Workers of America and was a participant of the Battle of Stanfill. He had the Ellis Knob scrip that belonged to my friend "Woody". Taft remembers the camp and spending the scrip from Ellis Knob at the old wooden commissary years ago.

When the Ellis Knob Coal Company closed, the owners of the Crummies Creek Coal Company bought the entire Ellis Knob operation, mining camp, commissary and all. For all practical purposes, the Ellis Knob Coal Company scrip vanished during this transactional period. The Crummies Creek Coal Company operated the Ellis Knob operations, including the company store, under their Cawood No. 1 name until 1931. They also had two other mines and a larger mining camp, complete with a company store, at Crummies, Ky., about the same time they were operating the Ellis Knob operations. Crummies, Ky., was located approximately one mile South of Cawood, Ky., also on Ky. Highway 421 - S. The Crummies Creek scrip was also manufactured of aluminum until the final series was introduced in "hard metal". The older aluminum scrip was "called in" as it was used, and the final series replaced both earlier series. When the Crummies Creek Coal Company ceased operation, their company scrip was not destroyed as was the old Ellis Knob. It has

since found its way into the hand of todays scrip collectors.

According to Erwin "Chicken" Stanton, my friend and life long resident of Cawood, Ky., "I knew all about Ellis Knob but never seen any of the scrip. I spent many a dollar of the Crummies Creek scrip and really didn't know that the Ellis Knob scrip was so hard to get until you scrip collectors keep trying to find it. That's all you fellers think about, and I can't find one piece of Ellis Knob scrip."

The Ellis Knob Coal Company is gone, becoming part of Harlan's past. Old Taft Price is gone and nothing is left to prove that this part of Harlan County's coal mining past even existed. Without the "old timers", like my friends Taft and "Chicken" Stanton to recall these days, their memories would be lost as well. Taft is not here, but I recall his many stories of that bygone time when coal was "king", "thugs" roamed the coal camps, and the U.M.W.A. fought with the coal barons. The times were hard and the life was simple in the coal fields. I am fortunate to be able to recall his memories, and "Chicken's" also, and pass them on for future generations. Time erased the physical traces of Ellis Knob, and the old timers of the past. However, I will keep the stories alive until "time catches up" with me.

.....  
THE COAL SCRIP COLLECTOR

The Coal Scrip Collector, is a wandering man indeed;  
Forever vainly seeking, that piece he does need.  
He will search from attic to basement, even dig in the ground;  
Until that long sought token finally is found.  
You will see him in every Flea Market, Auction and junk store too;  
Hunting, Hoping, Searching for one piece or two.  
And when finally a piece is found, after a long weary look;  
Away home you find him rushing, to find it in "EDKINS BOOK".  
The hunt can be rewarding, a whole lot of fun;  
But also disappointing when what you thought an R10 is really R1.  
There is also a scrip collector language, that only a scrip collector would understand;  
Such as "ORCO-PAT PEND" which means nothing to a common man.  
He will help preserve the history of a long forgotten mine;  
Which issued a piece of scrip that he happens to find.  
You will find not only in the old camps, but all across this land;  
The Hunting, Seeking, Searching, Scrip Collector Man.

"Collector of KY Coal Mine Scrip"

## C A T A L O G   E R R A T A

Page Mann raised a question about the Lorado Stores tokens on which the initials L C M C appear. He had found a small 'o' or dot in the last 'C' on both the obverse and the reverse of one of the pieces. Upon checking the file foils, we found that there is an 'o' or a dot in all of the tokens for WV 1677 C, D, F, and G series on page 199, Vol II. This shows up real good as an 'o' in the D500. Smaller sizes tend to have a dot. Apparently this was intended to be the abbreviation for 'Company' in the last 'C'. A notation to this effect will be made in the 3rd Edition when printed.

Page also noted that the cut out for WV 1709 B1, Tabit and Clonch, Lyonsville, W. Va. is ▲ rather than ▼ as shown in Vol II. The file foil also has the cutout as ▲, but the cutout for all other denominations is ▼ as shown on page 205.

Dick Sears raised a question about a variety of CO MX15, C.C.&C. Co., One Stick of Powder. His token has a slash mark before and after the '&'. Upon checking the file foil we found that it also has a slash mark before and after the '&'. We, therefore, have concluded that the absence of a slash mark after the '&' on page 28, Vol I is a typographical error. Readers may want to put the entry in their catalog.

Dick also reported a variety of CO MX12, Wasatch Store Co., Sommerset, Colo., Good For One Stick of Powder. He sent a foil on which a 'star' appears between the lines 'Wasatch' and 'Store Co.' and another 'star' lower down between 'Sommerset' and 'Colo.'. This variety will be listed as CO MX 12b and MX12 will be changed to MX12a. The 12a has a propellor type design between 'Sommerset' and 'Colo.'. The words 'Store Co.' are on a single curved line under 'Wasatch' and on the reverse the words 'One Stick' are on a curved line. The new 12b has the words 'Store Co.' on a straight line and the words 'One Stick' on the reverse also are on a straight line.

A further change should be made in the book listing of MX12a. The token is round not octagonal. The new 12b also is round and brass. Each has a hole at approximately 12 o'clock.

Jerry Schaeper requested us to check the foils for OH 285 B1a and B5, Cambria Clay Products, Blackfork, Ohio. Unfortunately we did not find a foil for B1a, so there still is some doubt as to whether or not a slash mark should be between Cambria and Clay. If anyone has this token, we would appreciate receiving a foil or rubbing of it. As for the B5, the first line should read 'The Cambria Clay Products Co.' The foil says that the token is 'brass'. The book currently omits the word 'Clay' and has the token listed as aluminum. We also checked the foil for B10 and found it to be worded exactly the same as the corrected version of B5.

It has been reported to the Catalog Committee that a hoard exists of the following lumber tokens from Wisconsin and that the rarities should be lowered. C.M. Christianson Co., Phelps, Wisconsin, Alum 25 (500), Alum 50 (300), Alum 100 (1500). Hackley-Phelps-Bonnell Co., Phelps, Wis. Alum 50 (100), and Alum 100 (400). We do not know who has the hoard, but members should beware since all of the above are rated R8 in Trantow's 1st Ed. The ratings will be changed in the 2nd Ed.

It also has been reliably reported that a small hoard of the brass tokens of Hiles Lumber Company, Hiles, Wis. were found in 1984. They are considered relatively common instead of the R10 listed in Trantow's 1st Ed. We, however, do not have a 25¢ or a 50¢ in our personal lumber collection.

*Thompsons 296-2511 MCM (un)made*

# SCRIP TALK

DIS AND DATA....as time and space permits !!....The Bridgeport Convention was another great one!! Lots of scrip and other mining artifacts found a new home and special thanks is due SCRIPTOR JIM THOMPSON for hosting the great RAMPS DINNER on Friday night....CATALOG CHAIRMAN BILL WILLIAMS cards that someone had three foils made of the L. E. STONE tokens and he failed to note the Scriptors name...Please contact him or advise the Janitor so that info can be forwarded. Incidentally, he wonders what the basis is for considering L. E. STONE as coal scrip. Or, is it lumber?? We need info on this for the catalogue..... SCRIPTOR WOODROW CAMPBELL, HC 71, Box 215, Hitchens, KY 41146 seeks a \$5 or \$1 from Cabin Creek Consolidated at Kayford, WV or from Cabin Creek Consol at United, WV. He is willing to pay a high price....Can I toss in a personal request?? Some years back I acquired tokens from Shinnston - WV2579 - BINGAMON VALLEY STORES CO. The former NSCA member had acquired them from the mint and noted to me that the set was complete except for the 25¢ token that he let some other collector have!! Someone out there has this 25¢ and I would be willing to trade a good token or pay a good price to put this set back together. Can you help?.....TOO, the Janitor still needs to get a contact on supplies for the REX-ROTARY Model 2202 S. My previous local office supplier is no longer in business. I feel certain that this machine (made overseas) is still being sold in the U. S. Would appreciate your contacting your local office supply source and see if they can help!! As noted elsewhere in the bulletin, we hate to purchase an A. B. Dick machine when I feel certain that the Rex-Rotary is still available somewhere.....Two Scriptors have inquired about sending lots in for the auction sale....I have enough material in for two more bulletins so keep watch for word on when more tokens are needed !! Remember: approximately 400 collectors will have a chance to bid on your items and the commission rate is only 20% on items that sell. You can specify minimum bids on items and note that we cannot list low rarity items as individual lots. These should be grouped. Good tokens will bring you a good return as will be noted from the PRICES REALIZED in each bulletin !! Many collectors check these lists to see what to bid in future sales!!....Reference the movie "MATEWAN" based on the early mine wars in West Virginia. SCRIPTOR PAUL JENSEN notes that this video is now available at your local video store. So, if you have a VCR, you can rent the movie for about \$2.00 and have the movie in your home. Well worth two hours of your viewing time!!.... REMINDER: Start making your plans for the FALL 1988 CONVENTION in Bluefield, WV. On our past meeting in this area, we had a great walk-in business with lots of new tokens coming out of the woodwork!!

### DID YOU KNOW??? - NOTES FROM THE 1916 "THE COAL TRADE"

Oregon, California and South Dakota were listed as coal production states among many others....maybe some coal tokens will surface?? Another info tidbit - "One reason why European countries make a better showing than the United States as regards coal mine accidents is the fact that most of the miners on the other side are natives of the countries in which they are employed and so understand the language of the colliery officials. One great source of danger over here is that many mine workers cannot read or even understand spoken English; so that it is difficult to make them comprehend safety rules.... "In this state (Tennessee) in 1916 it was noted that the mining industry is not dominated by any single company or group of companies, but there are a considerable number of concerns of moderate or small tonnage. Owing to the popularity of the name JELLICO in the southern fuel trade, many of them include this word in their corporate title, causing an apparent similarity that is rather confusing in some cases"....

# OAK HILL MAIL-FLOOR BID AUCTION SALE

The following tokens will be auctioned after dinner on May 1, 1987 at the NSCA Spring Meeting in Oak Hill, West Va. Since a number of members will not be able to attend the meeting, this listing is provided so that each member may submit MAIL BIDS.

All mail bids will be entered by the Auction Coordinator in competition with bids received from the floor. In the past, many mail bidders have been successful at a cost lower than their full bid. Therefore, mail bidders are encouraged to bid the maximum they would be willing to pay for a token with the guarantee that other bidders will not know your bid in advance of the bidding.

All tokens are believed to be in normal collectible condition or better except where noted. Condition of a token will not be an acceptable excuse for returning it. Also please note the rarity rating and bid accordingly. There is a minimum of \$5.00 per token in each lot. Postage will be added for successful bidders.

Commissions from the Auction will be used to defray meeting expenses. The excess, if any, will be added to the NSCA treasury.

Please send all bids to Bill Williams, Auction Coordinator, PO Box 3015, Oak Ridge, TN 37830, so as to arrive not later than April 29. Phone calls will be accepted until 11:00 PM EST April 29. My phone number 615-482-1616. I am leaving the next morning for Oak Hill.

# COLONEL CALDWELL'S MAIL AUCTION SALE

~~~~~

SALE NUMBER: 113

CLOSING DATE:

APRIL 24, 1987

MINIMUM BID \$1.00 PER TOKEN  
On tie bids, earliest postmark is  
awarded the lot !! We reserve the  
right to withdraw any lot !! Bid  
in 5¢ increments only !!

NOTE that some lots carry a min-  
imum bid and are marked - 'MB  
\$ \_\_\_\_'. See enclosed BID SHEET for  
additional information on bidding!

THE ROSS  
COLLECTION

We are pleased to present at Mail Bid Auction  
the CHARLES ROSS COLLECTION !! Charles was  
the first member to send in dues to NSCA after  
the organization was formed and he holds  
membership number 2 !! This collection was  
formed over the past twenty years and many,  
many previously unoffered pieces will be  
included. Charles and the late Ancil Donohoe  
made weekly SCRIPTREKS to the coal fields to  
add to their collections... May we urge that  
you check each listing carefully for items for  
your collection !!

# If You Collect

## Scrip

### Then You Owe Yourself A Hard Look At Bank Note Reporter

If you collect various or specific issues of scrip—the wood, leather, metal or paper “substitute” money used in local trade during periods of financial strain arising from war or failing economic conditions, you’ll find a broad base of coverage in BANK NOTE REPORTER.

As the only independently produced publication aimed exclusively at the paper money hobby, each BANK NOTE REPORTER is loaded with interesting articles and features that can benefit you now.

There’s no excess in BANK NOTE REPORTER. It covers paper money. And that’s all! With every timely issue, you’ll find a jam-packed slate of hobby happenings. Each month an experienced staff, as well as outside experts, including a key correspondent tracking the Washington, D.C., beat and others who zero in on the myriad of interests represented in the

paper money spectrum, combine to bring you the latest hobby developments. Information that can assist you in your buy/sell decisions whether for long-term investment purposes, or simply for the enjoyment of the hobby.

Add to this trustworthy advertisers, a list of upcoming shows and events, and reports of important auctions, and it’s easy to see why BANK NOTE REPORTER is your complete news and marketplace for all paper money.
